

Aluminum Sand Casting Foundry Worker

Creative Sign Designs is actively looking for an Aluminum Sand Casting Foundry Worker.

Creative Sign Designs, with national headquarters in Tampa, specializes in turnkey architectural signage solutions. Creative Sign Designs provides consultation, design, project management, fabrication, and installation services for a full line of interior, exterior and digital sign products. With more than 25 years experience providing architectural sign solutions, Creative Sign Designs is capable of successfully managing local, regional, and national projects.

POSITION: Aluminum Sand Casting Foundry Worker

RESPONSIBILITIES: Primary responsibilities include making permanent and sand molds, pouring aluminum, and finishing custom cast parts. Teammate is responsible for maintaining molds, casting machine, crucible, and foundry. Ideal teammate will focus on safety, quality, and productivity, while striving to improve processes and capabilities of the entire department. This is a hands-on, working position.

QUALIFICATIONS: 2+ years of hands-on foundry experience required, plus a High School diploma or GED. Experience with sand casting and mold making is required. Candidate must be self-directed and able to work with little oversight. Teammate must have a desire to contribute to the overall success of the company and to improving all key performance metrics. Selected candidate must pass a pre-employment drug screen and background check.

OUR TEAM: Creative Sign Designs is the leader in turnkey signage projects. We do it all...Consult, Design, Fabricate, Install. Our product lines include ADA, interior, wayfinding, electrical channel letters, monuments, pylons, DOT signs and much more! We are always looking for the right players to add to our team to help provide exceptional service to our customers. Learn more at www.CreativeSignDesigns.com.

TO APPLY: E-mail your resume to jeff@creativesigndesigns.com. Qualified candidates will be contacted to arrange an interview.
