Creative Sign Designs
12801 Commodity Place
Tampa, FL 33626

Dear Keith,

On behalf of the Cancer Support Community, I want to thank you and the team at Creative Sign Designs for all of your hard work on creating and installing the donor recognition and building signage for our new facility in Lakewood Ranch. With a short timeline and numerous sign designs and requirements, you truly were an asset to me in determining which signs would look best and would best represent our organization and our brand to visitors to our facility.

Everything that CDS did was top notch – from the first meeting to your most recent visit to make sure everything was done to our satisfaction. And I can't rave enough about the new donor wall. We have received numerous compliments on how beautiful and original it is. The granite monument in front of the building has also drawn a few "wows!"

The team at CDS was professional, friendly and dedicated to making sure every detail was handled with care. As a development professional, I've worked with a number of vendors on donor recognition signage from across the United States. Creative Sign Designs is the best I've ever worked with hands down. I hope to continue the relationship and look forward to working with you in the future.

Thank you again for everything – it was a huge project and we appreciate all you did for us.

Warmest regards,

Nealy Wheat
Annual Fund & Community Development Director
