To Mr. Houston,

Thank you and Creative Sign Designs for a job well done for the signage build-out of the Millennium Westshore Luxury Apartments. The Dinerstein Companies only design-builds first class multifamily units so it was important for us to partner with a sign company that could deliver the quality we have come to exemplify.

Being based out of Houston Texas, we were looking for a local company who had the turnkey capabilities to not only manufacture and install our product; but also, could partner with us on understanding the local permitting process and resolve those challenges. CSD's *can do attitude* was refreshing because our project scope was multi-faceted to encompass the outside illuminated signage and directionals, awnings, banners, as well as ADA compliant life safety signage. They completed their scope in time and on budget.

It is my experience that they fabricate products with fantastic quality control and communicate a timely installation. I would be happy to recommend Creative Sign Designs for future work.

Sincerely,

Terasa Jacobs
